

## TECHNICAL SERVICES DEPARTMENT

### LEADING THE INDUSTRY IN INSTRUMENTATION AND POWER PROTECTION PRODUCTS

#### Infrared Pyrometer Calibration ISO/IEC - 17025 Accredited by LAB

- On-site or bench calibration with documentation -NIST traceable
- Temperature ranges from 200oF to 2700oF
- Process spot pyrometers, handhelds, scanners and imagers
- All brands of pyrometers calibrated including: LAND, Ircon, Mikron, Raytek, Williamson and many more

#### Process and Temperature Instrumentation Repair and Calibration - ISO/IEC - 17025 Accredited by LAB

- On-site and NIST traceable - scheduled from our facility
- Recorders - paper and paperless models
- Controllers - single and multi-loop
- All brands of measurement and control instrumentation serviced including: Barber-Colman, Honeywell, Eurotherm, L+N, Yokogawa, Westronics and many more
- TUS (Temperature Uniformity Surveys)

OFFICE HEADQUARTERS  
300 MT. LEBANON BLVD., SUITE 2202, PITTSBURGH, PA 15234  
PH: 412.344.1500 | FAX: 412.344.5504

## TECHNICAL SERVICES DEPARTMENT

### LEADING THE INDUSTRY IN INSTRUMENTATION AND POWER PROTECTION PRODUCTS

#### Process Control System Design

- Control Panel Design, Coordination and Implementation
- Instrument Configuration, Documentation and Installation

#### Application Assistance

- Recorders, Controllers, Transmitters for Temperature, Pressure and Flow
- Infrared Non-Contact Temperature Measurement - Pyrometers, Scanners, Handhelds & Thermal Imagers
- Critical Power Protection Systems - UPS, Inverters, Batteries & Chargers

#### Field Startup, Commissioning and Operator Training

- Infrared Pyrometers, Line Scanners & Thermal Imagers
- Pressure, Flow & Temperature Instrumentation - Controllers, Recorders, Transmitters & Mag Meters
- Ruggedized UPS, Chargers and Inverters
- Battery Removal, Disposal, Replacement & Installation VRLA & Flooded
